TOWN OF DEWEYVILLE ORDINANCE NO. 2006 - 4

AN ORDINANCE ESTABLISHING AND REGUALTING A CULINARY WATER DEPARTMENT; PROVIDING RULES AND REGULATIONS TO ADMINISTER AND PROTECT THE WATER SYSTEM, FIXING PENALTIES AND ALLOWING THE FIXING AND MODIFICATION OF RATES BY RESOLUTION.

* * * * * * * * * * *

BE IT ORDAINED By the Mayor and Town Council Members of the Town of Deweyville, Box Elder County, State of Utah:

WHEREAS, The Town of Deweyville, a municipal corporation of the State of Utah (the "Town"), is the owner of a culinary waterworks system for the purpose of furnishing water to the residents of said Town under a system of facilities (the "System"), and it is necessary and advisable to adopt an Ordinance for the controlling of the System, which will supersede existing Ordinances or portions thereof inconsistent with this Ordinance which contains, without limitation, provisions for culinary water services and amending and, where necessary, repealing water ordinances and regulations heretofore adopted in conflict herewith;

NOW, THEREFORE, BE IT ORDAINED AS FOLLOWS:

SECTION 1: CULINARY WATER DEPARTMENT AND SYSTEM. The Culinary Water Department of the Town of Deweyville is hereby created. It shall administer the operation and maintenance of the culinary water system of the Town.

SECTION 2: SUPERINTENDENT. There is hereby created the position of Superintendent of the Culinary Water System.

SECTION 3: DUTIES OF SUPERINTENDENT. The Superintendent of the System shall manage and supervise the System pursuant to the provisions of this Ordinance and pursuant to resolutions, rules and regulations adopted by the Town Board from time to time prescribing his powers and duties and directing the manner and frequency with which he shall make reports to the Mayor relating to the water system. All of the functions and activities of the Superintendent shall be carried on under the direction of the Mayor.

SECTION 4: APPLICATION FOR CULINARY WATER CONNECTION. Any person, other than a subdivider or developer seeking multiple connections, who desires or is required to secure a new connection to the Culinary System, shall file with the Water Department for each such connection, a written and signed connection application in substantially the following form.

TOWN OF DEWEYVILLE

APPLICATION FOR CULINARY WATER CONNECTION TO THE TOWN

OF DEWEYVILLE, UTAH:

I hereby apply to the municipality of the Town of Deweyville ("Town") for permission to connect my premises at _____ with the Town of Deweyville culinary water system and hereby agree as follows:

1. The Town shall make the requested connection from its water main to and including the distance and up to my property line. I agree to pay the Town such connection fees as may be fixed by the governing body by resolution, ordinance or Order of the Town, including also a deposit security charge, if so provided.

2. The work of extending the water connection from the nearest point to which the Town installs its main to the place at which the water is to be used shall be my responsibility and shall be performed at my sole cost.

3. The location of the service, whether on my premises or at some point near my premises, may be decided solely by the Town.

4. I understand the Town reserves the right to cause both the culinary and irrigation water system upon my premises to be inspected by the Town and if either or both facilities should not be approved, I will cause the same to be corrected and improved at my own expense to meet the requirements of the Town or of any other governmental agency having jurisdiction to regulate the water system with the Town.

5. I will be bound by the rules, regulations, resolutions or ordinances enacted now or hereafter by the Town applicable to the Town's culinary water system.

6. The main purpose for which the water connection will be used is for culinary use.

7. The Town shall have free access to the lines and services installed under this agreement and, at reasonable times, through my property, if necessary.

8. I expressly grant a lien upon the premises above described so that any delinquent water billings must be paid before any services can be provided to any subsequent user of water at these premises. This lien shall bind any subsequent owner, possessor, occupant, tenant, landlord or person or entity using or requesting use of the Town water at these premises.

DATED this _____ day of _____, 20_____.

Applicant: _____

* * * * * * * * * *

SECTION 5: APPLICATION FOR WATER CONNECTION BY SUB-DIVIDER. Whenever a subdivider or developer desires or is required to install water connections and extensions for a subdivision or development, the subdivider or developer shall enter into a written extension agreement which shall constitute an application for permission to make the extensions and connections and an agreement specifying the terms and conditions under which the water extensions and connections shall be made and the payments that shall be required.

SECTION 6: APPLICATION FOR WATER SERVICE. Any person who desires or is required to secure water services when such service is available from the Town water system, shall file with the water department a written application and agreement for the service which shall be in substantially the following form:

* * * * * * * * * * * *

TOWN OF DEWEYVILLE

APPLICATION FOR CULINARY WATER SERVICE TO THE TOWN OF DEWEYVILLE, UTAH:

The undersigned hereby applies for the culinary water service from the municipality of the Town of Deweyville, Utah ("Town") for premises located at _____ and hereby agrees:

1. To pay all charges for such water service as are fixed from time to time by the governing body until such time as I shall direct such service to be discontinued.

2. In the event of a failure to pay water charges within the due dates fixed by the governing body or of a failure of the occupant of the premises to conform to the ordinances and regulations established by the governing body regulating the use of the water system, then the Town shall have the right to discontinue the water system service at its election, pursuant to the five (5) days' written notice of the Town's intention until all delinquencies and any reconnection fee imposed are paid in full or until any failure to conform to the Town Ordinance or regulations issued thereunder is eliminated.

3. To be bound by the rules, regulations, resolutions or ordinances enacted or adopted by the governing body applicable to the Town's water system.

4. That any deposit or fee shall not be considered as an advance payment for any service. Charges and unpaid accounts shall be considered delinquent notwithstanding the existence of the deposit, and the applicant or user of water service shall not have the right to compel the Town to apply the deposit to any account to avoid delinquency.

DATED this _____ day of _____, 20_____.

Applicant: _____

* * * * * * * * * * * *

SECTION 7: NON-OWNER APPLICANT - AGREEMENT OF OWNER. Applications for water service made by the tenant of any owner must, in addition to the above requirements, be guaranteed by an agreement signed by the owner of the premises or his duly authorized agent in substantially the following form:

"In consideration of the acceptance of the application for water service submitted by _____ (tenant), I or we will pay for all charges, fees and costs at _____ (premises) in case such tenant or occupant shall fail to pay for the same according to the ordinances, rules and regulations or resolutions enacted by the Town."

I expressly grant a lien upon the premises above described so that any delinquent water billings must be paid before any services can be provided to any subsequent user of water at these premises. This lien shall bind any subsequent owner, possessor, occupant, tenant, landlord or person or entity using or requesting use of Town water at these premises.

DATED this _____ day of _____, 20____.

Applicant: _____

SECTION 8: RATES AND CONNECTION FEES. The rates, penalty fee for delinquency in payment, connection fee, inspection fee, reconnection fees, and other charges incidental to the connection and services from the Town's culinary water system shall be fixed from time to time either by Resolution enacted by the Town Council Members or by the majority vote of those members of the Town Council attending the meeting duly called and noticed at which a quorum is present or has waived notice of the holding of the meeting sustaining a motion to fix those rates entered on the minutes of the meeting at which such vote was taken. A majority vote of those present and voting may adopt a Resolution amending, fixing or changing those fees or rates. The Town Council Members may, from time to time, promulgate rules for levying, billing, guaranteeing and

collecting charges for culinary water services and all other rules necessary for the management and control of the System. Rates for services furnished shall be uniform with respect to each class or classes of service established or that may hereafter be established. Rates may be established at different levels for premises outside the corporate boundaries of the Town.

SECTION 9: SPECIAL RATES. The Town Council Members may, from time to time, fix by agreement or resolution special rates and conditions for users using exceptionally large amounts of water service or making use of the System under exceptional circumstances, upon such terms and conditions, as they may deem proper.

SECTION 10: BOARD OF EQUALIZATION, RATES AND REBATES. The governing body is hereby constituted a board of equalization of water rates to hear complaints and make corrections of any assessments deemed to be illegal, unequal, or unjust. They may, if they see fit, rebate all or any part of the water bill of any indigent person.

SECTION 11: USE WITHOUT PAYMENT PROHIBITED. It shall be unlawful for any person by himself, family, servants or agents to utilize the culinary water system without paying therefore, as herein provided, or without authority, to open any pipe, line, connection, stopcock, valve or other fixtures attached to the system of culinary water supply unless it is done pursuant to proper application, agreement or resolution. It shall be unlawful to injure, deface or impair any part or appurtenance of the water system or to cast anything into any reservoir or facilities appurtenant or contributing to the culinary water system. It shall be a criminal offense in any way to pollute any water source, watershed, drainage area, or any part of or contributing to the culinary water system.

SECTION 12: DELINQUENCY - DISCONTINUANCE OF SERVICE.

A. The Town Recorder or Superintendent shall furnish to each user, or mail to, or leave at his place of residence or usual place of business, a written or printed statement stating thereon the amount of water service charges assessed against him once each month or other regular intervals as the Town Council Members shall direct.

B. The statement shall specify the amount of the bill for the water service and place of payment and date due. If any person fails to pay the water charges within thirty (30) days from the date due, the Clerk or Superintendent shall give the consumer notice in writing of intention to discontinue the service to the consumer unless the consumer pays the bill in full within fifteen (15) days from the date of notice.

C. If the culinary water service is thereafter discontinued for failure to make payment, then before the water service to the premises shall again be provided, all delinquent water charges must have been paid to the treasurer or arrangements made for their payment in a manner satisfactory to the Town. In the event water is turned off for non-payment of water charges then before the water service to the premises shall again be provided, the consumer shall pay, in addition to all delinquent water charges, such extra charge for turning the

water on or off as the Town Council Members may have established by resolution. Until such a resolution has been adopted, there shall be added an extra charge of $10.00 for turning on the water. Furthermore, in addition to such payments and penalties, a delinquent consumer may be required to make and file a new application and deposit of the previous deposit has theretofore been applied to the payment of delinquent bills. The clerk is hereby authorized and empowered to enforce the payment of all delinquent water charges by an action at law in the name of the Town of Deweyville.

SECTION 13: TURNING ON WATER AFTER BEING TURNED OFF PROHIBITED. It shall be unlawful for any person, after the water has been turned off from the premises for non-payment of culinary water charges, sewer charges, or other violations of the ordinances, rules, regulations, or resolutions pertaining to the water supply, to turn on or to allow the water to be turned on or used without authority from the Superintendent or Town Recorder.

SECTION 14: SEPARATE CONNECTIONS. It shall be unlawful for one user to receive service for a residence and a separate, detached and independent commercial business, or for two or more families or service users to be supplied from the same service pipe, connection, water outlet or discharge unless special permission for such combination usage has been granted by the Town Council Members and the premises served are owned by the same owner. In all such cases, a failure on the part of any one of the users to comply with this section shall warrant a withholding of a supply of water through the service connections until compliance or payment has been made, and in any event, the property owner shall be primarily liable to the Town for all water services utilized on all such premises. Nothing herein shall be deemed to preclude the power of the Town to require separate pipes or connections at a subsequent time. The prohibition herein provided shall not apply in those instances where the joint residential and business use are in existence at the time of the adoption hereof. If and when such use is discontinued or there is a change of ownership, or a severance of ownership between the residence and the business, then the "grandfather" protection afforded hereby shall terminate.

SECTION 15: UNAUTHORIZED USERS. It shall be unlawful for any water service user to permit any person from other premises or any unauthorized person to use or obtain water service regularly from his premises or water facilities, either outside or inside of his premises.

SECTION 16: CROSS CONNECTIONS PROHIBITED. It shall be unlawful for any water user to intentionally or through negligence cause there to be a cross connection of Town culinary water with any other water source. Further, a Town culinary water source shall not be connected by pipe, hose, or submersion, or brought in content with another water source through any other means, which results in contamination or the risk of possible contamination.

SECTION 17: PERIOD FOR VISITORS. Individuals visiting the premises of an authorized user in a recreational vehicle not including a mobile home and continuing to live therein during the period of visitation may receive water service from the service pipes or facilities of the host during the visitation period which shall not exceed one

month. Continued use thereafter shall be deemed unauthorized and violative of the provisions of this part relating to separate connections and unauthorized use.

SECTION 18: PIPES TO BE KEPT IN GOOD REPAIR. All users of water services shall be responsible for repairs or replacement of service pipes, connections and other apparatus located on or through their property from the point of town water service connection. And shall keep their service pipes and connection and other apparatus in good repair and protected from frost at their own expense. No person except under the direction of the water Superintendent shall be allowed to dig into the street for the purpose of laying, removing or repairing any service pipe.

SECTION 19: QUALITY OF SERVICE PIPE.

A. All service and other pipe used in conjunction with the water services of the Town shall be of such material, quality, and specifications as the Town Council Members may, from time to time by resolution, provide and shall be installed at such distances below ground as may be specified by regulations relating to the water department. All work, alterations, or extensions affecting water pipes shall be subject to the water Superintendent, and no connections with any water mains shall be made without first obtaining a permit therefore from the Town Recorder.

B. No consumer shall be permitted to conduct water pipes across lots or buildings to adjoining premises to conduct water pipes from the water Superintendent and subject to such requirements relating to controls as may be imposed by him.

SECTION 20: FAULTY EQUIPMENT. It shall be unlawful for any water user to:

a. Waste water;

b. Allow it to be wasted by stops, taps, valves, leaky joints or pipes, or to allow tanks or water troughs to leak or overflow;

c. Wastefully run water from hydrants, faucets or stops or through basins, water closets, urinals, sinks or other apparatus;

d. Use the water for purposes other than for those, which he has applied, or to use water in violation of the rules and regulations for controlling the water supply.

e. Irrigate with culinary water of residential landscapes between the hours of 10:00 a.m. to 6:00 p.m. is prohibited.

SECTION 21: SPRINKLING VEHICLES. Vehicles for sprinkling shall be regulated and controlled by the water department through the Superintendent of the water department.

SECTION 22: DEPARTMENT TO HAVE FREE ACCESS. The Superintendent and his agents shall at all ordinary hours have free access to any place supplied with

water service from the Town system for the purpose of examining the apparatus and ascertaining the amount of water service being used and the manner of its use.

SECTION 23: NON-LIABILITY FOR DAMAGES. The Town shall not be liable for any damage to a water service user by reason or stoppage or interruption of his or her water supply service caused by fires, scarcity of water, accidents to the water system or its mains, or which occurs as the results of maintenance and extension operations, or from any other unavoidable cause. This section shall not be construed to extend the liability of the Town beyond that provided in the Governmental Immunity Act.

SECTION 24: WATER NOT SUPPLIED FOR MOTORS, SIPHONS, ETC.: No water shall be supplied from the pipes of the Town water system for the purpose of driving motor, siphon, turbine, or other wheels, or any hydraulic engines, or elevators, or for driving or propelling machinery of any kind whatsoever, nor shall any license be granted or issued for any such purpose except by special permission of the Town Council.

SECTION 25: SPRINKLERS:

A. It shall be unlawful for any person to use such number of outlets simultaneously or to use such sprinkler or combinations of sprinkler or outlets as will in the opinion of the Town Council Members materially affect the pressure or supply of water in the municipal water system or any part thereof, and the Town Council may from time to time, by resolution, specify combinations or numbers of outlets which may have such effect.

B. The Town Council Members shall, after determining that such improper use exists, notify the affected water user or the owner of the premises whereon such use occurs of such determination in writing, order such use discontinued and advise that such continued usage constitutes a violation of this part.

SECTION 26: SCARCITY OF WATER. In times of scarcity of water, whenever it shall in the judgment of the Mayor and Town Council Members be necessary, the Mayor shall, by proclamation, limit the use of water to such extent as may be necessary. It shall be unlawful for any person, his family, servants or agents to violate any proclamation made by the Mayor in pursuance of this part.

SECTION 27: WASTE OF WATER.

A. Users of water from the culinary water system shall not permit water to continue to run wastefully and without due efforts to conserve water. If, in the judgment of the Superintendent or of any of the officers of the Town, a user of culinary water engages in practice which results in the needless waste of water and continues to do so after the notice to discontinue wastefulness has been given, the Superintendent or any officer may refer the matter to the Town Council.

B. The Town Council Members may thereupon consider terminating the right of the individual to use culinary water. If it elects to consider the matter of termination, it shall give notice to the water user of the intention to terminate his water connection at least five (5) days prior to the meeting of the Town Council at which termination of water service is to be considered. The notice shall inform him of the time and place of the meeting and of the charges, which lead to the consideration of the termination.

C. A water user whose right to utilize culinary water is being reviewed, shall have opportunity to appear with or without counsel and present his reasons why his water service should not be discontinued.

D. After due hearing, the Town Council Members may arrive at a determination. If the determination is to discontinue the wasteful water user's service connection, it shall notify him of decision and of the period during which the service will remain discontinued.

SECTION 28: WATER METERS.

A. Except as otherwise expressly permitted by this part, all structures, dwelling units, establishments and persons using water for the municipal water system must have such number of water meters connected to their water system as are necessary in the judgment of the Superintendent to adequately measure use and determine water charges to the respective users.

B. Meters will be furnished by the Town upon application for a connection, and upon payment of such connection fees and other costs as may be established by the Town from time to time by resolution.

C. Meters shall be deemed to be and remain the property of the Town. Whenever a dispute between Superintendent and the property owner arises as to the appropriate number of meters to be installed on any premises, the matter shall be heard and determined by the Town Council Members after due notice in writing to the parties involved.

D. The Superintendent shall cause meter readings to be taken regularly and shall advise the recorder/clerk thereof for the purpose of recording the necessary billings for water service.

E. Meters may be checked, inspected or adjusted at the discretion of the Town, and they shall not be adjusted or tampered with by the customer. Meter boxes shall not be opened for the purpose of turning on or off the water except by an authorized representative of the Town unless special permission is given by the Town through its representatives to the customer to do so.

Meters should also be kept free of debris or coverings of any kind and be easily accessible in order to facilitate proper meter readings to be taken.

F. If a customer submits a written request to the Superintendent to test his water meter, the Town may, if under the circumstances it deems it advisable and in its discretion, order a test of the meter measuring the water delivered to such customer. If such request is made within twelve months after the date of the last previous test, the customer may be required to pay the cost of such test. If the meter is found in such test to record from 97% to 103% of accuracy under methods of testing satisfactory to the Town, the meter shall be deemed to accurately measure the use of water.

G. If the Town's meters fail to register at any time, the water delivered during the period of failure shall be estimated on the basis of previous consumption during a period, which is not questioned. In the event a meter is found to be recording less than 97% or more than 103% of accuracy, the Town shall make such adjustments in the customer's previous bills as are just and fair under the circumstances.

H. All damages or injury to the lines, meters or other materials of the Town on or near the customer's premises caused by any act or neglect of the customer shall in the discretion of the Town be repaired by and at the expense of the customer, and the customer shall pay all costs and expenses, including a reasonable attorney fee, which may arise or accrue to the Town through its efforts to repair the damage to the lines, meters or to other equipment of the department or collect such costs from the customer.

SECTION 29: PERMITS FOR INSTALLATIONS. It shall be unlawful for any person to lay, repair, alter or connect any water line to the Town culinary water system without first having obtained a construction permit from the officer or the Clerk or from the Superintendent.

SECTION 30: APPLICATION OF INSTALLATION PERMIT.

A. Applications for permits to make water connections or other alteration or for laying or repairing lines connected directly or indirectly to the Town water system must be made in writing by a licensed plumber, his authorized agent, or by the owner of the premises who shall describe the nature of the work to be done for which the application is made.

The application shall be granted if the Superintendent determines that:

1. The connection, repair, alteration or installation will cause no damage to the street in which the water main is laid, or that it will not be prejudicial to the interests of persons whose property has been or may thereafter be connected to the water main.

2. The connection conforms to the ordinances, regulations, specification and standards of materials required by the Town.

All connections, alterations or installations shall be to the line and grade, designated by the water superintendent.

B. Fees for permits or for inspection services shall be of such amounts, as the Town shall from time to time determine by resolution.

SECTION 31: MOVING OR REPLACING OF WATER LINES. In the event that the Town in its sole discretion determines that any water line of the Town must be moved or replaced, the Town shall bear that portion of the cost of such move or re-placement, which applies to the main lines up to the property line of the customer. The cost of reconnecting such new line or lines from the house of the customer to his property line shall be borne by the customer.

SECTION 32: WHEN PERMITS SHALL NOT BE ISSUED. Permission to connect with the Town water system shall not be given unless the plumbing in the house or building to be connected meets the provision of the building and plumbing codes of the Town.

SECTION 33: DICSCONTINUANCE OF SERVICE. Any customer desiring to discontinue service shall notify the Town in writing of such fact at least ten (10) days before the date when such service shall be discontinued. On giving such written notice, the customer shall not be responsible for water bills incurred after the date specified in the notice. Any credit balance in favor of the customer as a result of an advance payment of bills or a deposit made will be refunded upon discontinuance of service.

SECTION 34: FIRE HYDRANTS. Water for fire hydrant will be furnished free of charge by the Town. Installation and repairs on such hydrants shall be at the expense of the Town and shall be made under the direction of the Town. All customers shall grant the Town, upon demand, a right-of-way or easement to install and maintain such hydrants on their premises if the Town concludes that hydrants shall be so installed for the protection of the residents of the Town.

SECTION 35: SERIVCE OR CONNECTIONS OUTSIDE CITY LIMITS. Nothing herein contained shall be construed to require water connections or services outside the corporate limits of the Town, and such shall be discretionary with the Town Council Members, or as may be governed by other ordinances.

SECTION 36: EFFECTIVE DATE AND POSTING OF NOTICE. This Ordinance shall take effect on Nov 9, 20 06, by being posted following the manner provided by law and specifically, Section 10-3-711.

PASSED, ADOPTED and AMENDED this 9th day of November, 2006.

Mayor: Robert Thayne

ATTEST:

Clerk: Tracie Williams

CERTIFICATION

The undersigned duly acting and appointed Town Clerk for the Town of Deweyville, Utah, hereby certifies that the foregoing Ordinance is a true and correct copy of Ordinance #2006-4. Amendment of an Ordinance establishing and regulating a culinary Water Department; providing rules and regulations to administer and protect the water system, fixing penalties and allowing the fixing and modification of rates by resolution.

Dated this 9th day of November, 2006.

Tracie Williams

Tracie Williams, Town Clerk

AMENDMENT TO ORDINANCE NO. 2006-4

AN ORDINANCE ESTABLISHING AND REGULATING A CULINARY WATER DEPARTMENT; PROVIDING RULES AND REGULATIONS TO ADMINISTER AND PROTECT THE WATER SYSTEM, FIXING PENALTIES AND ALLOWING THE FIXING AND MODIFICATION OF RATES BY RESOLUTION.

AMENDED: November 9, 2006.

The Town Council of Deweyville Utah is amending Section 6, Paragraph 3; Section 6 Paragraph 4; and adding Paragraph e. to section 20, to the above referenced ordinance.

Section 6 Paragraph 3, shall read:

> To be bound by the rules, regulations, resolutions or ordinances enacted or adopted by the governing body applicable to the Town's water system.

The above stated paragraph will replace the previous paragraph 3, which reads:

> Applicant does hereby deposit $50.00 with the Town on the filing of this application for water service, and it is agreed and understood that the Town may, but need not, apply the deposit upon bills due for prior service and that the right of the Town to shut off service as above provided shall exist even though the deposit has not been applied to the payment of past due bills for services. On final settlement of applicant's account and any unused balance of the deposit will be refunded to applicant upon return of the security deposit receipt issued by the Town at the time the deposit is made.

Section 6, number 4, shall read:

> That any deposit or fee shall not be considered as an advance payment for any service. Charges and unpaid accounts shall be considered delinquent notwithstanding the existence of the deposit, and the applicant or user of water service shall not have the right to compel the Town to apply the deposit to any account to avoid delinquency.

The above stated paragraph will replace the previous paragraph 4, which reads:

> That the deposit shall not be considered as an advance payment for any service. Charges and unpaid accounts shall be considered delinquent notwithstanding the existence of the deposit, and the applicant or user of water service shall not have the right to compel the Town to apply the deposit to any account to avoid delinquency.

Section 20 shall have the following paragraph added:

e. Irrigate with culinary water of residential landscapes between the hours of 10:00 a.m. to 6:00 p.m. is prohibited.

PASSED AND ADOPTED this 9th day of November, 2006.
